

WHAT DO OUR GRADUATES DO?

Some of our graduates often continue their studies in master's programmes in English studies, American studies, Translation and interpretation, Applied linguistics, Comparative literature and culture, International studies or one of our teacher training programmes.

Others find a position on the job market in language services, translation, the written or on-line media, international institutions, national and local governments, international companies, or in educational or cultural institutions or the creative industry.

Apply and be a member of Team EASI!
